WATER
THE WAY
YOU
WANT IT

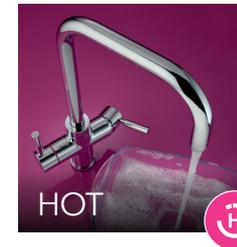

AFFORDABLE LUXURY
FOR EVERY HOME.

PRONTEAU™ 3 IN 1

THREE IN ONE, PRONTEAU COLD, HOT, 98° WATER THE WAY YOU WANT IT

Everyday Cold Water
Delivers your usual mains cold water supply - ideal for those daily chores and general usage.

Everyday Hot Water
Ideal for washing hands and your everyday cleaning tasks.

Instant Steaming Hot Water
Steaming hot water on demand 24/7. Available safely and instantly at 98 degrees, it delivers perfect steaming hot filtered water for making teas, coffees and all of your everyday cooking needs.

PRONTEAU 3 IN 1

PRONTEAU 3 IN 1 kitchen taps are the latest developments brought to you by Abode.

These new **PRONTEAU 3 IN 1** mixer taps offer you all the benefits of your standard kitchen mixer with the addition of instant steaming hot 98° filtered water.

Incorporating the compact **PROBOIL2** boiler unit for quick and easy installation, our **PRONTEAU 3 IN 1** range offers you a great choice of available styles and finishes, all at an extremely affordable price.

98° STEAMING HOT WATER

INSTANT HOT WATER AT YOUR FINGERTIPS

Provides filtered steaming hot water on demand whenever you want it. The filter ensures that water hardness is reduced and those unwanted odours and bad tastes are removed automatically, ensuring perfect hot drinks as well as extending the life of your boiler too.

All Pronteau 3 IN 1 taps offer a controlled flow of water, perfect for filling a cup or mug.

The perfect addition to any home or small office, you'll wonder why you haven't had one earlier.

HANDLE SAFETY

The dual stage handle mechanism has been designed with safety and ease of use in mind to operate, push the left hand control lever for the steaming hot water down, and simultaneously pull forward to activate your 98° steaming hot water. The further forward the lever is turned the greater the flow. At around 45° the maximum flow is reached.

INSTANT HOT WATER
DELIVERED WITH
CONTROLLED SAFETY.

HOT AND COLD
DOMESTIC WATER
FOR **EVERYDAY**
HOUSEHOLD AND
ROUTINE TASKS.

EVERYDAY HOT & COLD

HOT AND COLD WATER CONTROLLED BY
ONE PRECISE SINGLE LEVER HANDLE

The 3 IN 1 tap design is based upon the nation's favourite tap design, so it will comfortably sit in any kitchen environment. It is also simple to retro-fit the tap and replace your old model with a new 3 IN 1 model.

Features an insulated spout including an inner pathway for the steaming hot water to pass through, ensuring your tap is always cool to the touch.

360 degree rotation of spout allows for easy use and accessibility.

COLD START VALVE

All Pronteau 3 IN 1 taps feature an energy saving cold start valve as standard. When the handle is in the upright position and pulled out horizontally only your everyday cold water will be dispensed. This means no call on your boiler to start creating any unnecessary demand for hot water, saving you money. For hotter water simply pull the lever forward.

PRONTEAU 3^{IN}1 MIXERTAPS

Here at Abode we pride ourselves on designing award winning taps that not only look aesthetically pleasing but also offer a high level of functionality, safety and technology as standard.

Our taps are designed to sit perfectly within your home, complementing the surrounding area they live in.

So we've taken the nation's favourite kitchen tap design and reinvented it into the next must have product for your home.

Available in a variety of different finishes and styles, all delivering 98 degree steaming hot water as well as your everyday hot and cold.

PROBOIL.2

INTRODUCING OUR LATEST INNOVATION...

The PROBOIL2 boiler is a compact and innovative 2 litre displacement boiler, allowing you to hold and call off steaming hot water at 98 degrees on demand. Handily, the boiler can be floor or wall mounted within the kitchen base unit under the sink, maximising your available storage space.

SAFETY

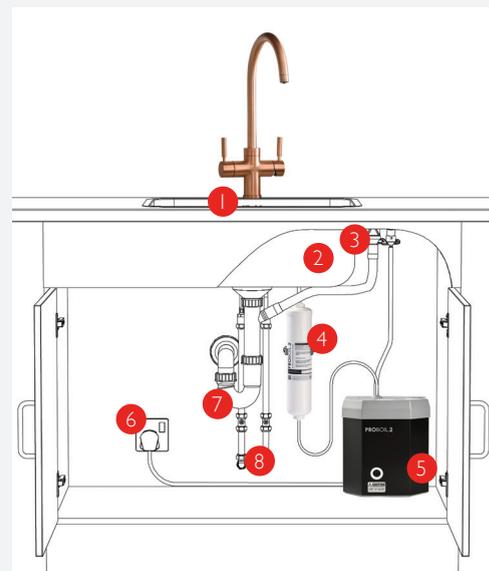

The boiler ensures that every time you call for 98 degrees water you are guaranteed a safe and controlled flow of water from the tap spout, meaning no unwanted spitting or splashing.

To ensure the longevity of your boiler it also contains handy safety features to avoid the unit boiling dry or overheating. Plus we've built in a descale option too, so important in those hard water areas.

FEATURES

- Descale inlet and removable tank lid for easy clean options and access
- Compact size to fit discreetly into your base unit (Overall height 257mm, Width 217mm, Depth 175mm)
- Filtered water inlet
- 98 degree water outlet
- Safety steam vent to a standard dishwasher connection
- 2 Litre tank
- UK manufactured boiler

WRAS approval Pending

INSTALLATION & SERVICING

QUICK AND SIMPLE INSTALLATION IS THE ESSENCE OF PRONTEAU 3 IN 1... IT COULDN'T BE EASIER

HOME INSTALLATION

Installing the Pronteau 3 IN 1 couldn't be any simpler, avoiding the need for specialist fitters. It's quick and easy to install and everything you need is included in the box.

The boiler sits neatly under your sink either on the bottom shelf or it can be wall mounted, ensuring you still have all the room to store your household essentials.

A comprehensive user and installation guide will walk you through the process.

ONGOING HOME MAINTENANCE

Your Pronteau 3 IN 1 is easy to maintain on an ongoing basis. Changing filters or descaling your boiler are simple activities that can be routinely undertaken to ensure the best possible performance and service life of your boiler is achieved. Replacement filters and de-scale kits are available to order from www.pronteau.co.uk, supported by short videos guiding you through the steps.

NATIONWIDE CUSTOMER SUPPORT NETWORK

From a simple technical query to requesting an engineer to visit your home, Pronteau 3 IN 1 is supported by a dedicated team at the end of the phone and a nationwide fleet of service engineers on the road, providing that all important support and peace of mind.

WARRANTY & CARE

WARRANTY & CARE SECTION

Our PRONTEAU 3 IN 1 steaming hot water tap collection is backed by a comprehensive warranty. In the unlikely event that you should experience any defect in the materials or workmanship, we warrant the products as follows;

- PRONTEAU 3 IN 1 mixertaps within 5 years of purchase
- PROBOIL2 boiler unit within 2 years of purchase

In both cases, the purchaser's sole remedy shall be the replacement (at the manufacturers discretion) of all or any part of the product that is defective.

For the tap, all working parts and valves are guaranteed for a period of 5 years from purchase. Decorative surface finishes and O-rings are guaranteed for 1 year from the date of purchase provided that our advice concerning caring for your product has been observed and no scouring agents have been used on the surfaces of the tap.

For the boiler, all working parts are guaranteed for 2 years from date of purchase provided it has been used for normal domestic or office purposes and the user and installation guide has been observed. The warranty extends to the original purchaser only.

WATER REGULATIONS

All mixertaps are designed in accordance with European Water Regulations and are manufactured to WRAS and other applicable European standards. All products should be installed in accordance with WRAS regulations and Local Water Bye Laws.

WRAS approval pending at time of going to print for all Pronteau 3 IN 1 mixertaps as well as the Proboil2 boiler and filter.
